

The Aspetuck Land Trust was founded in 1966 to preserve the open space and natural resources of Easton, Fairfield, Weston and Westport for the benefit of the public. This land is preserved forever and our more than 1,700 acres and 45 trailed nature preserves offer something for everyone. The Land Trust exists because of land donations and conservation easements we have received, and because of the generous financial contributions of our members. New members are welcomed. Your support protects local open space from development so we can enjoy the great outdoors and wildlife has a place to call home.
